Mr. James M. Hunsicker, Environmental Manager
Crane Division, Naval Surface Warfare Center
Code 0592, Building 3260, NWSC, 300 Highway 361
Crane, Indiana 47522

Dear Mr. Hunsicker:

Re: Approval of Minor Modification to
Solid Waste Facility Permit FP 51-02
Crane Division, Naval Surface Warfare
Center Landfill
Martin County

Crane Division, Naval Surface Warfare Center is hereby granted a minor modification to solid waste facility permit FP 51-02, pursuant to IC 13-15-1-3, IC 13-15-7-1, 329 IAC 10-11-6 and 329 IAC 10-13-6. This decision is based on the minor permit modification application submitted to the Indiana Department of Environmental Management (IDEM) on May 2, 2008, and all subsequent amendments and addenda to the application.

This minor permit modification allows Crane Division, Naval Surface Warfare Center to revise the final cover of the North, Middle, and South Areas to compensate for existing overfill, increase slopes, and repair soil deficiencies without increasing the total landfill volume, subject to the terms of this letter and the enclosed requirements. In accordance with 329 IAC 10-13-4, solid waste facility permit FP 51-02, as amended by this minor permit modification, does not authorize: any injury to any person or private property; the invasion of other private rights; the infringement of federal, state, or local laws or regulations; nor preempt any duty to comply with other state or local requirements.

The solid waste facility referenced above is located at Crane Naval Center and contains approximately 15 acres permitted for landfilling.

Pursuant to IC 4-21.5, a Petition for Review of this minor permit modification letter may be initiated by you, as applicant, or by an "aggrieved or adversely affected person." This decision becomes effective once all applicable time periods for petitioning for Stays of Effectiveness have expired, unless you are notified in writing by an Environmental Law Judge that the minor permit modification has been further stayed. As discussed in our enclosed Notice of Decision, if you wish to challenge this decision, you must file a Petition for Review with the Office of Environmental Adjudication within 18 days from the date that this letter was mailed, pursuant to IC 4-21.5-3-7.

Mr. Hunsicker

PERMIT REQUIREMENTS

The following permit requirements shall apply to the revised final grade pertaining to the Minor Modification submitted for Crane Naval Surface Warfare Center Sanitary Landfill dated April 15, 2008 and received by IDEM on May 2, 2008.

1. The facility improvements shall be constructed in accordance with documents submitted to the Indiana Department of Environmental Management (IDEM) on May 2, 2008 which include the following:
 - Sheet titled "Proposed Final Cover" dated March, 2008, and received by IDEM on May 2, 2008.
 - Closure Plan dated April 15, 2008 and received by IDEM on May 2, 2008.
2. The final cover shall be constructed in accordance with the Minor Modification Application for Final Revisions dated April 15, 2008, and received by IDEM on May 2, 2008, and applicable requirements of 329 IAC 10-22. The Middle Area of the final cover is approved to be constructed with clay-type soil.
3. The total Closure Cost estimate is \$1,161,963 and the final closure cost per acre is \$77,464.
